#1

Event

The 16th virtual edition of the **NATO CA2X2 Forum**, is an event where military, industry, academia experts and end users meet to discuss topics like M&S discipline, exercises, experimentation, wargaming, analysis, standards, interoperability, and much more.

During the event it is possible to attend presentations, workshops, demonstrations and round tables on latest technologies and future trends.

The 2021 **NATO CA2X2 Forum** main event will take place from 4-8 October 2021.

Sprint
Week

To allow the expansion and completion of the presented topics, the official forum will be followed by a linked **"M&S Sprint Week"** (11-15 October 2021), where several practical activities like demos, workshops, and courses, will take place in a more informal and relaxed environment.

#2

Topics

Guided by the event's theme

“Shaping NATO’s Future Modelling & Simulation Capabilities”,

a number of topics will be addressed, like
(but not limited to):

- M&S Standards and Technologies;
- M&S Lessons Learned;
- Education and Training;
- Wargaming;
- Cyber M&S;
- Space M&S;
- Artificial Intelligence;
- Capability Development and Experimentation;
- Support to Military Operations and Decision Making;
- Computer-Assisted eXercises (CAX);
- M&S Commercial-Off-The-Shelf (COTS).

Call for Papers

Experts and authors who desire to propose a paper, or simply an article, to be presented during the event are very welcome.

A selection of the best papers and articles will be published in the conference proceedings.

Guidelines are available in the event webpage or directly in the call for papers on the

Call for Activities

Companies, organisations, study groups, teams, and experts are also invited to propose and support sessions/activities on specific M&S topics.

The sessions/activities could be of any type: presentations, round tables, interviews, workshops, demos, courses, etc.

The proposal will be evaluated and, if feasible, conveniently embedded in the event (main forum and/or sprint week). Activities can be proposed following directions in the page:

#4

Sponsorship Opportunities

Companies, organisations and other entities are given the opportunity to sponsor the event, getting visibility in the online platform. Other than having their logo positioned in the dedicated area, sponsors can have a virtual booth at their disposal.

Dimension and positioning of the logo, as well as availability and features of the virtual booth depend on the level of sponsorship. For more details, follow the [link](#)

Feel free to contact the Event Manager, [LTC Claudio Zamponi](#), for shaping/customising a sponsorship package that meets at the best your **organization's expectations**.

Virtual Booths

Companies, organisations, study groups and large teams can have at their disposal a virtual booth for both advertising activities, products and services, and making connections.

Informational and promotional material can be uploaded and made available to the visitors, while representatives can meet potential customers/supporters.

Upon agreement and with some limitations, there would be also the possibility to host at the booth advertising and promotional sessions/events. For more details follow the link:

#5

Registration

To attend the event a registration is required, and the admission is subject to approval.

The event is opened to NATO Nations, NATO Bodies, EAPC, MD, ICI, NATO Partners across the Globe, and UN, EU, OSCE Representatives.

On a case by case basis and upon approval, participants outside the listed entities could be admitted.

To register for the event, please follow the link:
